ICM ICM72030	1:72	Tupolev Tu-2T Soviet torpedo plane The Tu-2T aircraft was a variant of the serial Tu-2 bomber, upgraded as a naval torpedo aircraft. This modification was developed and tested in the spring of 1945. It was equipped with special holders that allowed the use of two torpedoes type 45-36AN. Torpedoes could be used for naval purposes both in turn and simultaneously. During a two-torpedo volley, a special device monitored the time i...	Aircraft kits (injection)	Catalogue	£12.67	5+

Special Hobby SH48121	1:48	Vought V-173 Flying Pancake/Flapjack. One of the most interesting designs of the World War II came from significant U.S. designer Charles H. Zimmerman. The machines were manufactured by Vought Company for which Zimmerman worked. His V-173 'Flying Pancake' served for testing of the Navy F5U-1 fighter design concept. As the tests revealed, this unorthodox machine had very good flying characteristics. Moreover, this machine posse...	Aircraft kits (injection)	Catalogue	£29.67	4

A-Model AMU72220	1:72	Antonov An-30 From Wikipedia... The Antonov An-30 is a derivative of the An-24 fitted with an entirely new fuselage forward of frame 11. The fuselage nose is extensively glazed, reminiscent of the Boeing B-29. Housed within the new nose section is the navigator and precise navigational equipment, including an optical sight for ensuring accuracy of aerial photography.[3] To enable accurate and repeatable survey flights, standar...
