Barracuda Studios BCR48294	1:48	Mikoyan MiG-21 Radome Upgrade Set. Designed for the superb Eduard MiG-21 series. The kit radome is accurate and well molded. The problem is that you have to paint and install it before you assemble the fuselage halves. Our separate radome and bulkhead allow you to assemble the fuselage without the radome, which is then installed when the model is almost finished. This will allow you to fill and sand the intake seams, and paint...	Aircraft detailing sets (resin)	Catalogue	£5.83	7
Barracuda Studios BCR48347	1:48	Hawker Sea Fury FB.11 Complete Cockpit Set This set contains a complete, super detailed resin cockpit to replace the kit parts. This cockpit is newly tooled, not the old Cooper Details cockpit revised. A complete cockpit tub with accurate consoles (corrects the much too narrow ones in the kits), resin instrument panel, a new seat with naturally draped, molded in belts, stick, gunsight, compass, rudder bar and other small parts... Barracuda Studios BCR48348	1:48	Hawker Sea Fury FB.11 Gearbay Set This set contains parts to assemble a complete, super detailed resin main landing gear bay to replace the somewhat basic kit gearbay in the Airfix. It has been designed to be installed with a minimum of thinning and modification to the kit wing. It also gives the impression of a thinner lower wing skin and deeper gearbay. May be possible to modify it to fit other kits. (designed to be used wit...	Aircraft detailing sets (resin)	Catalogue	£13.33	10+
Barracuda Studios BCR48349	1:48	Hawker Sea Fury FB.11 Engine Front and Spinner Set. This set consists of a new engine front with much improved detail, and a new correctly shaped spinner for the 1/48th Airfix Sea Fury. The kit spinner is too blunt. The parts are designed to be a drop fit replacement for the kit parts, though we highly recommend using this set in conjunction with our Sea Fury Cowling Upgrade Set BCR48350. An easy upgrade that will make your la...	Aircraft detailing sets (resin)	Catalogue	£12.49	7

Barracuda Studios BCR48350	1:48	Hawker Sea Fury FB.11 cowling upgrade (designed to be used with Airfix kits) This set consists of a new closed engine cowling with separate exhausts to replace the somewhat crude kit parts. Our resin cowling has fine recessed panel lines featuring very detailed and accurate cowling fasteners and deeply drilled thin walled separate exhaust banks. A simple to install upgrade that will add visual impact to your model.	Aircraft detailing sets (resin)	Catalogue	£12.49	7
Barracuda Studios BCR48368	1:48	Messerschmitt Bf-109G-6 Horizontal Tailplanes with Separate Elevators (designed to be used with Tamiya kits) This set contains a new resin horizontal stabiliser with separate elevators. Most 109Gs have elevators hanging in the down position when parked, unless control locks were fitted. Directly replaces the kit tailplanes for the Tamiya Bf-109G-6. A simple upgrade to add life to your Gustav. (designed to be used with Tamiya k...	Aircraft detailing sets (resin)	Catalogue	£8.33	10+

Barracuda Studios BCR48401	1:48	Hawker Tempest Mk.V Corrected Intake Set Contains a new radiator front casting with the concentric ring type intake shroud that is missing from the new Eduard Tempest V kit. Tempests not fitted with dust filters would always be fitted with the shrouding to prevent hot radiator air from entering the carburettor intake. An alternate dust filter with "cukoo clock" style doors is also included. These were fitted to Tempests op...	Aircraft detailing sets (resin)	Catalogue	£7.49	5

Barracuda Studios BCR48424	1:48	Hawker Tempest Mk.V Ailerons and Elevators. This set consists of detailed separate resin elevators and ailerons to replace the Eduard kit parts. The Eduard new tool Tempest kit tends to suffer from hard-to-fix shrink marks on the one piece solid molded ailerons and elevators. Filling and sanding them wipes out the very fine rivets and panel lines. Restoring them can be a lot of fussy work. This set makes short work of that. Fo...
