Roden ROD717	1:72	Vauxhall D-Type Ambulance The first few months of fighting in 1914 gave rise to the picture we have now, that the war, only recently begun, would not just be long and exhausting - it would be a war of indefinite term and enormous losses, entailing in particular the loss of a large number of human lives. The assessment of losses at the end of 1914 was estimated in the tens of thousands, and the number of injured as a result of ...	Military vehicle kits (injection)	Catalogue	£12.49	2

Roden ROD716	1:72	BL 8-inch Howitzer Mark VI The First World War is remembered as a new type of war, in which such technological developments as the tank and the aircraft were used for the first time, but also completely dependent on conventional weapons such as, for example, the rifle or the gun. There were no radical changes in the technology of these types of weapons during the four years of the Great War, but they were constantly improved a...
