Mark I Guide MKD32008	1:32	Lockheed T-33 Thunderbird colours and markings. With its roots in the successful Lockheed P-80 Shooting Star jet fighter, the Lockheed T-33, popularly known as the T-Bird, became the USAF's standard advanced trainer of the 1950s. Almost 5,700 T-33As were built for the USAF and USN, of which more than 1,000 were transferred to NATO Allies and others to a number of smaller air forces worldwide, and the aircraft were also licence... Mark I Guide MKD48013	1:48	Re-released! Fairey Swordfish Colour and Markings with decals (13) The Swordfish biplane " the legendary 'Stringbag' " was designed in 1934 to meet the Air Ministry's requirement for an aeroplane in the Torpedo-Spotter-Reconnaissance (TSR) category. Produced in substantial numbers by the Fairey and Blackburn companies, it became a real workhorse of the Fleet Air Arm fulfilling search and anti-shipping roles, destroying enemy ...
